

The Legends Tournament/ Group Clinics

This is your chance to be the “hero” of the office. The Legends offers an entertaining but effective way for everyone in your group the chance to learn the game of golf in a fun, inviting environment. Our CPGA professionals pride themselves on allowing the student to become better at the students pace and not rushing through 200 different thoughts, leaving the student stunned and confused.

Of course, how fun would it be with having a dull, lethargic, lacklustre instructor repeating the same three sentences for 30 long minutes? Our instructors will create a positive and entertaining arena that allows everyone to enjoy themselves. Golf is a fun, interactive sport and golf lessons should be no different. This is your chance to ask that burning question about your slice, bunker shot or the dreadful chilly-dip chip shot.

Now how great would you look when your guests show up for the same old company golf tournament only to see a certified CPGA professional standing on the practice range waving them over for a quick lesson? Or skip that usual card game at lunch and bring the gang for lunch and a putting lesson? Whatever the occasion, let us help you become the “hero” and create an experience that will keep everyone wanting you to book the next event at the Legends Golf Club.
